Col. Henry

My Dear Sir

I am at work on my Ledger and note rolls. I think I shall start for camp so as to get there on Saturday

I have not seen the list but hear my name was handed in to the Senate by the President. I wrote Gov. Dillingham as soon as I got home saying to him that his son desired a place on a staff, and if the matter was affected alluded to above I should be happy to assist him. I rec'd a line from him saying he was at work and pulling as hard as he could with the N. delegation as I shall see you so soon I will write no more but have a talk with you

With High Resp  
Yours Truly  
A. B. Jewett
